

## Operational Services

BusinessVision Advisory provides hands-on customized fractional operational services to companies. We help drive business success to meet the personal and professional goals of the founders, owners and executives. We work “on the business” to execute and develop policies, procedures and processes in order to improve efficiency and maximize performance.

We help established businesses grow and reach their maximum potential

We transform underperforming businesses into successful enterprises

We assist startups to increase chances of success and minimize risk of failure

Our services include:

- Operations – Fractional/Interim CEO/COO
- Management Consulting
- Financing and Access to Capital
- Restructuring and Growth
- Team Building, Culture and Accountability
- Business and Strategic Planning

Select areas where we can be of assistance:

- ✓ Has rapid growth created new challenges?
- ✓ Is your business in need of restructuring?
- ✓ Are you looking to grow your business?
- ✓ Has change in management affected operations?
- ✓ Are you planning for business sale or succession?
- ✓ Do you need debt or equity financing?
- ✓ Are you looking for assistance with your startup?
- ✓ Do you need business coaching/guidance?

**From small tweaks to transformational changes to turnaround management, we help companies be the best at what they do, be more efficient and ultimately grow.**

Our fractional model affords businesses access to experienced C-Level executives at a fraction of the traditional cost to accelerate growth and achieve desired goals.
