

Good day,

As my career profile illustrates, I am well prepared to meet and exceed your expectations. Having served the COO of Allied Physicians Group and in multiple consulting engagements since, I am accustomed to the rigors of fast-paced, highly regulated environments requiring sharp attention to detail, consummate accuracy, and outstanding communication skills. If given the opportunity, I will deliver similar results while partnering with your staff to accelerate the achievement of your immediate and long-range goals.

Further, I would bring the following strengths to your team:

- Regarded as a trusted advisor to executive leaders based on proven success evaluating organizational needs, devising flexible strategies with robust key performance indicators (KPI), establishing leading-edge marketing programs, and steering efficient day-to-day operations.
- History of building and motivating high-performance teams, elevating employee engagement and satisfaction through transparent policies and procedures, excellent HR services, and clear direction / goals.
- Expansive knowledge of EMR / EHR / HIT utilized to drive innovation and support physicians in enhancing patient experiences, reducing malpractice exposure, and expanding regulatory compliance.

Recently I connected with an organization offering a grant for any organization that hires me. The grant covers 40-60% of my salary for the first 3 months I am employed. This allows both candidate and hiring company to get to know each other in a less risky way.

In me, you will gain a diligent, goal-oriented professional with the agility, dedication, and focus required to successfully fill the available leadership role. As such, I would welcome the opportunity to meet and discuss this opening in detail.

Thank you for your consideration. I look forward to hearing from you!

Kind Regards,

Etan Walls
